BME Student Named 2013 Goldwater Scholar

Annicka Carter, an undergraduate majoring in Biomedical Engineering, has been named a 2013 Goldwater Scholar by the Barry M. Goldwater Scholarship and Excellence in Education Foundation. Goldwater Scholars are selected on the basis of academic merit from a field of 1,107 mathematics, science and engineering students nationwide.

BME Team Shines at Innovation Competition

Team Trocloreure, composed of three Biomedical Engineering students, recently won the grand prize of \$15,000 and an additional \$5,000 for "Best Business Idea" at the 2013 Bench-2-Bedside competition at the University of Utah. The team invented a device to help surgeons suture the inside of the hole created when doing laparoscopic surgery.
